Mr. Demille:

I Think I have explain to the best of my ability what the rope does .I hope it makes more sense to you now. It is such a simple tool to use yet it's a woman thing. (no offense) It's just that it's a Labor and Delivery thing. I went back through the patent and changed the words that made it sound like they would be using it as an exercise device. Please review it and reconsider it. I really appreciate you taking time to talk to me the other day.

Sincerely Shirley Benson R.N.
